Dreer's Quarterly Wholesale Price List.

January—March, 1902.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4-pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 **Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.** 

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz: Vegetable and Flower Seeds, in packets, Bulbs and Plants, $33\frac{1}{3}\%$; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

 Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

 In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

Dreer's Reliable Flower Seeds.

WE GIVE close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Asters, Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Petunia, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply. Where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

CHINESE AZALEA.

Azaleas for Easter.

We are carrying in stock an immense quantity of Azaleas for Easter forcing; the plants are in good condition and finely set with buds; the varieties we offer are only the best commercial sorts, but selection of same at this date must be left to us.

Mme. Van der Cruysen in sizes from 10 to 15 inches in diameter is very scarce this season, but we can still include 10 per cent. of this variety.

As these plants can be more safely shipped when in bud we wish to impress the importance of immediate orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

Coleus Thyrsoides.

(The Flowering Coleus.)

Entirely distinct from the varieties of Coleus heretofore known, all of which were grown for their beautifully colored and variegated foliage. This species, which comes from Central Africa, is not a foliage plant, its leaves being plain green; but it is a really grand flowering plant, and a winter flowering plant at that, its season of flowering being from the Christmas Holidays until late in May.

The plant is of strong growth, attaining a height of 2 to 2½ feet, and produces dense cylindrical spikes one inch in diameter and from 6 to 12 inches long, of beautiful rich blue flowers, which remind one of a spike of blue Larkspur. Blue flowers at all seasons of the year are not plentiful and always much sought after, especially so during the winter season. We consider this plant a perfect gem and a plant that has a great future as a flowering plant for the Holidays, in which it may even rival the Lorraine Begonias. Ready April 1st. 30 cts. each; \$3.00 per doz.; \$25.00 per 100.

Carnations.

New Carnations for 1902.

Cressbrook. (Warburton.) Color a shade deeper than The Marquis, a beautiful shade of pink, flowers 3 to 3½ inches in diameter under ordinary cultivation, habit strong and vigorous, stout stiff stems, never bursts. \$1.50 per dozen; \$10.00 per 100; \$75.00 per 1000.

Golden Beauty. (Ward.) Clear lemon yellow slightly tipped with pink at edge of petals; strong stiff stems 2½ feet high, flowers three inches in diameter with high full centers. \$2.00 per dozen; \$10.00 per 100; \$75.00 per 1000.

Harry Fenn. (Ward.) Magnificent crimson, very large full bloom, on extra long stiff wiry stems, almost as free as Gen. Maceo, very sweet and an excellent keeper. \$2.00 per dozen; \$12.00 per 100; \$27.50 per 250; \$55.00 per 500; \$100.00 per 1000.

J. H. Manley. (Ward.) New, brilliant orange scarlet, blooms 3½ inches in diameter, fine keeper, very fragrant, vigorous free grower and most prolific bloomer. \$2.00 per dozen; \$12.00 per 100; \$27.50 per 250; \$55.00 per 500; \$100.00 per 1000.

Mrs. E. A. Nelson. (E. A. Nelson.) Color pure glistening pink, similar to Mrs. F. Joost, showing equally well in daytime as under artificial light. Very large flower borne on stout erect stem, very free bloomer and good keeper. \$2.50 per dozen; \$3.50 for 25; \$6.00 for 50; \$10.00 per 100; \$80.00 per 1000.

Mrs. Higinbotham. (Chicago Carnation Co.) Light salmon pink, an improvement on Daybreak, having no tendency to fade on edges, perfect calyx, strong erect stem, extremely early, flowers freely and continuously; form fine, averaging 3½ inches and very fragrant, an excellent keeper. \$2.00 per dozen; \$12.00 per 100; \$100.00 per 1000.

Mrs. Potter Palmer. (Chicago Carnation Co.) An ideal shade of scarlet, with flowers larger than Mrs. Bradt, strong stiff stem, exquisite fragrance, never bursts, with a large full form, early, free, and continuous. \$2.00 per dozen; \$12.00 per 100; \$100.00 per 1000.

Novelty. (Ward.) Ground color lemon yellow distinctly edged with deep pink, of fine form, habit similar to Gen. Maceo, and the most profuse bloomer of all the yellows. \$2.00 per dozen; \$10.00 per 100; \$75.00 per 1000.

Viola Allen. A clear porcelain white, delicately splashed and edged with pure, clear rose pink, very spicy odor, blooms large and full and borne on long stems; early and very free. \$2.00 per dozen; \$12.00 per 100; \$27.50 per 250; \$55.00 per 500; \$100.00 per 1000.

New Carnations of 1901.

Dorothy. Color similar to Wm. Scott; long stiff stem, good calyx, very prolific, early and continuous; an excellent commercial variety. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Egypt (Weber & Sons). Rich, warm, scarlet crimson; stems attain a length of 2½ to 3 feet; uniform large flowers, 2½ to 3 inches in diameter; blooms continuously from the beginning of November. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Estelle. A grand brilliant scarlet, good habit and very free. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

Governor Roosevelt (Ward). Rich, brilliant scarlet, shaded maroon; early and free; large, perfect flower; the peer of dark carnations. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

Irene (Crabb & Hunter). A cross between Daybreak and Albertina; color of the latter, with blooming qualities of Daybreak. \$1.00 per doz.; \$5.00 per 100; \$40.00 per 1000.

Lorna (Dorner). A new white, showing a decided improvement over its parent, White Cloud; more compact and stronger grower, stiffer stem, larger flower, better form, purer in color and freer in blooming. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

Mermaid (Dorner). Salmon pink, large flower, good color, early and extremely free. 50 cts. per doz.; \$3.00 per 100; \$25.00 per 1000.

Norway (Weber & Sons). A seedling of Mrs. Fisher, of purest white, 2½ to 3½ inches in diameter; very fragrant. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

Prosperity (Dailledouze). A fancy sort that has created a sensation wherever exhibited as the largest and most perfect Carnation ever offered to the trade. Habit is good; a free bloomer, with long, stiff stems, and an excellent keeper. Color is white, suffused with pink, deepening towards the centre. \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

Queen Louise. This variety has given universal satisfaction as the best all-around white, a continuous bloomer, early and late; a strong, vigorous grower easily managed. \$1.00 per doz.; \$5.00 per 100; \$45.00 per 1000.

CANNAS

SEVEN CHOICE NEW VARIETIES FOR 1902

The standard varieties of Cannas have now reached such a high point of perfection that a new variety to prove of value must be of a very high class. We annually try many new sorts, and the seven varieties here offered were all that we felt justified to select from 58 high-priced varieties which we had brought together from introducers of new Cannas, both in this country and in Europe, and which were carefully tested in our trial grounds the past summer. All of them will be found to have such points of merit that will make them desirable additions to any collection.

Inspector Ehemann. A medium sized but well formed flower, with broad round petals of an intense glowing scarlet, in good sized trusses; massive deep green foliage. 30 cts. each; \$3.00 per doz.

Governor Von Zimmerer. A remarkably free-flowering variety with large trusses of medium sized flowers, which are of an intense rich orange scarlet, pleasing and effective; foliage bronzy purple. 4 feet. 30 cts. each; \$3.00 per doz.

Jean Tissot. A fine rich deep vermilion, with bright orange scarlet shadings; flowers of good size and produced on large heavy trusses; a strong free grower, with large massive green foliage. 5 feet. 30 cts. each; \$3.00 per doz.

Miss Berthine Brunner. A pretty pure yellow, with few minute spots of orange scarlet in the petals; flowers produced in large open panicles well above the foliage. 4½ to 5 feet. 35 cts. each; \$4.00 per doz.

Paul Grotz. Deep satiny vermilion flowers, of good size and neat open form, and produced with remarkable freedom; neat habit, foliage bronzy green; 5 feet; a perfect gem as a bedder. 50 cts. each; \$5.00 per doz.

Professor Hugo de Vries. Entirely distinct from all others in color, and a most desirable acquisition; the flowers, which are large, are of a rosy crimson color with a peculiar satiny sheen; deep green foliage; 3 feet. 60 cts. each; \$6.00 per doz.

Rubin. Flowers not large, but of such an intensely rich glowing carmine, which, combined with its dark green foliage, makes it a desirable bedder; 4 feet. 20 cts. each; \$2.25 per doz.

One each of the collection of seven varieties for \$2.25.

LARGE FLOWERING CANNAS. Varieties of Special Merit.

Cinnabar. Cinnabar red, edged with distinct golden band; fine round flowers of great substance, held well above the foliage in large well-formed trusses; of good habit, and an early and free bloomer. 4½ feet. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Luray. A handsome and pleasing deep rosy pink, and undoubtedly one of the best of its color; flowers of good size, in large trusses well above the foliage. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Mrs. Kate Gray. The most robust growing Canna in our collection. The plants attain a height of 6 to 7 feet, with broad and massive foliage of a bright glossy green, similar to a Musa Ensete in size and substance, and forms a beautiful foil to the gigantic trusses of flowers, which are of a rich shade of orange scarlet, overlaid with gold, and measure from 6 to 7 inches across; individual petals often measuring 2 inches in width. The habit of the plant, size of truss and individual flower, together with its superb coloring, make this one of the most desirable Cannas in our collection. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Mrs. George A. Strohlein. A variety of special merit, with extra large bright amaranth-red flowers which are raised well above the foliage in strong, heavy, many-flowered trusses. The plant grows about 6 feet high with large bronzy-purple foliage. It is entirely distinct from all others, possesses all the qualities of a good bedding variety, and will no doubt become one of our standard sorts. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Pennsylvania. One of the best of the Italian types with flowers 6½ inches in diameter, produced with remarkable freedom in many branched panicles and of an intense vermilion scarlet overlaid with an orange scarlet sheen. Rich massive deep green foliage, 6 to 7 feet. 40 cts. each; \$4.00 per doz.

President Meyer. A distinct and most desirable new variety, with broad bronzy foliage and very large flowers of a rich cherry-carmine, which are produced in trusses of immense size—4 feet. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Souv. de Mme. Leonie Viennot. Dark green foliage and carmine flowers which are edged with golden yellow, flowers of large size in large trusses and very free. 4 feet. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Wilhelm Bofinger. Large broad massive foliage of a bright green, and rich scarlet flowers overlaid with glowing orange scarlet, a color that can be seen as far as the eye will carry; one of the brightest and most attractive colors we have seen. The plant is of strong habit, growing about 5 feet high, very free flowering, and a decided acquisition. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

We will furnish one each of the set of 8 varieties for \$1.50.

Black Beauty.

The Finest of all Dark or Bronze Leaved Cannas.

In the large displays of Cannas at the Pan-American Exhibition, probably no variety attracted so much attention and proved so effective as Black Beauty. Its flowers are insignificant, but its foliage is of the richest bronzy purple shaded with black, the edges of the leaves being peculiarly crimped. We have a large stock, which enables us to offer it this season at a low price. \$1.50 per dozen; \$12.00 per 100; \$100.00 per 1000.

CHRYSANTHEMUM, MAJOR BONNAFFON.

BABY POMPONE CHRYSANTHEMUM.

The Baby Pompone Chrysanthemum.

This is the smallest Pompone Chrysanthemum in cultivation, and displayed alongside of the large flowered varieties the past fall at an exhibition of the Pennsylvania Horticultural Society it attracted much attention, not only on account of its diminutive size, but also on account of the perfect manner in which the flowers, which rarely measure over one-half inch, are formed; these flowers are of a clear lemon-yellow with closely quilled petals, and are produced in the greatest profusion. It should be included in every collection.

Ready in March.

Clematis Indivisa.

This is one of the most desirable climbers that we are acquainted with for growing in a cool greenhouse. Its flowers, which are produced in March and April, are pure white, and from 1 1/2 to 2 inches in diameter, in panicles frequently 2 feet long. A well established plant in early spring is simply one mass of bloom; the flowers can be used to good advantage in a cut state. The plant is evergreen and at all times attractive. 75 cents each.

CACTUS DAHLIA, STRAHLEN KRONE.

Latest Novelties in Cactus Dahlias.

The collection here offered contains the latest novelties of European introduction; all have been thoroughly tested on our trial grounds the past summer, and we are certain will give entire satisfaction.

Arachne. Has peculiarly twisted and curled petals, forming a curious irregular built flower, and on account of this unique form is well named, the word Arachne meaning spider. The petals are creamy white, edged with a broad band of crimson; the coloring, however, varies as much as the form, there rarely being two flowers alike. 35 cents each.

Britannia. Deep shaded salmon flesh; free and early on stout stiff stems.

Capstan. Soft brick-red, shaded apricot; remarkable for its free and early blooming.

Dankward. Dark rose, shading to a luminous carmine centre, of perfect form. 35 cents each.

Exquisite. Pure orange scarlet, with salmon shadings; of perfect form; very free.

Hunold. Light scarlet, with neatly quilled petals; very early. 35 cents.

Mary Service. Light orange scarlet, gradually shading to deep rose on the tips of petals; a fine flower.

Progenitor. Bright carmine, or crimson lake; the petals being furcated on the end like a Stag-Horn Fern, forming several points, each division having a fluted termination. 35 cts.

Primrose Dame. A beautiful light yellow, of fine form.

Radiance. Vivid orange scarlet, shaded yellow at base of petals; a handsome and distinct free-flowering variety.

Ranji. Rich deep maroon, almost black; a wonderful color.

Ruby. Deep vermilion centre, shading to a purplish tinge on the tips of the petals; a rich, showy color and perfect in form.

Standard Bearer. Rich bright fiery scarlet; free, early, and of fine form.

Uhland. Decided and distinct brownish red, of fine form.

25 cents each, except where noted; the set of 14 varieties for \$3.00.

CACTUS DAHLIA, COUNTESS OF LONSDALE.

Eight Choice New Cactus Dahlias. (Introductions of 1901.)

Cinderella. Royal purple, deepening to a rich velvety shade in the centre.

Countess of Lonsdale. The freest flowering Cactus Dahlia in our collection, and perfect in form. Color an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine pink.

Firebrand. Rich deep glowing vermilion of fine form and exceptionally early.

Kingfisher. Purplish crimson, very early; petals curved and curled in an elegant irregular manner.

Mrs. Dickson. A fine rosy carmine passing to yellow at base of petals, a beautifully formed flower.

Mr. Moore. Deep claret, one of the best dark varieties.

Queen Wilhelmina. Deep garnet, shading lighter at base of petals.

Sparkler. Rich glowing carmine, early and free.

20 cents each; the set of 8 for \$1.50; \$15.00 per 100.

CACTUS DAHLIA, PROGENITOR.

Twelve Fine Cactus Dahlias.**Introductions of 1900.**

Aegir. An entirely new and distinct form of Cactus Dahlias; the petals are tubular or quilled, twisted and arranged in the most fantastic yet regular form; color rich, warm cardinal scarlet.

Austin Cannell. Color light crimson-rose, shading lighter towards the edges; long, narrow, twisted tubular petals.

Chas. Woodbridge. A magnificent light crimson, shaded purple.

Earl of Pembroke. Bright plum color, deeper towards the centre; petals long, pointed, and regularly arranged.

F. Bartels. Bright scarlet; when first opening shows a pretty violet shade.

George Marlow. Primrose-yellow, shaded amber.

Hohenzollern. A rich, bronzy orange-red color with golden sheen; fine.

Lady Penzance. Pure yellow, with long twisted petals.

Loreley. Soft La France pink, shading lighter towards the centre, which is a creamy white.

Miss Webster. Pure white, without a tinge of color excepting on the reverse of the lower petals, which are slightly tinted with rose.

Mrs. A. Beck. A rich salmon red with scarlet reflex.

Strahlen Krone (Rayed Crown). Intense cardinal red, rich and glowing, with long, curiously-twisted petals; in our judgment one of the handsomest and most perfect Cactus Dahlias in cultivation.

\$1.00 per dozen; \$8.00 per 100; the set of 12 varieties for \$1.00.

Twenty Choice Decorative Cactus Dahlias.

Admiral Dewey. Brilliant imperial purple of fine form.

\$1.00 per dozen; \$8.00 per 100; set of 10 for 80 cents.**Grand New Single Dahlia "Twentieth Century."**

A most distinct single Dahlia, and a variety that will prove especially valuable for cutting; the flowers are of largest size, 6 to 7 inches across, of perfect form, while the plant is a strong grower, of free branching habit, bearing its flowers freely on long stout stems. The color is pure white, overlaid with a beautiful soft pink; not variegated, but a blending of colors, reminding one of the delicate tracings of some of the Orchids.

All the cut blooms procurable of this handsome single were sold readily in Philadelphia last year at \$4.00 per 100.

Strong green plants, ready in April, 75 cents each; \$7.50 per dozen.

All the Dahlias we offer, with the exception of "Twentieth Century," are strong field roots; we will supply one each of the entire collection—106 varieties in all—a superb collection, for \$11.50.

Mixed Dahlias.

We have a large stock of Dahlias which have accidentally become mixed, consisting of the very best named varieties.

DRACÆNA GODSEFFIANA.

Dracæna Godseffiana.

Undoubtedly one of the most striking ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracænas. It is of free-branching habit, and throws out many suckers from the base so as to form beautiful, compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide, of a strong leathery texture, rich dark green color, densely marked with irregular dots and spots of a creamy white, not unlike an Aucuba Japonica, of which the markings in the foliage strikingly remind one. It is a plant which will undoubtedly be grown extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing in this respect, the Aspidistra and Ficus.

Varieties of Special Merit

FROND OF ADIANTUM CHARLOTTÆ.

Adiantum Charlottæ.

Our illustration gives a faint idea of the beauty and grace of this new Maidenhair; it is entirely distinct from all other varieties, and even more graceful than *A. gracillimum*, and possessing the advantage of having much stouter, stiffer stems, on account of which it forms more shapely plants, and increases its value for cutting purposes.

3-inch pots, \$1.50 per doz.; \$10.00 per 100.

Adiantum Caudatum and Adiantum Dolabriforme.

Two pretty species especially adapted for baskets. They are of a peculiar creeping or drooping habit, with long fronds, at the ends of which young plants are produced.

3-inch pots, \$1.00 per doz.; \$8.00 per 100.

Adiantum Bensoniana.

A most beautiful Maidenhair, with large fronds and deep green pinnae, which, while closely overlapping, is not so dense as to make the frond appear crowded. It makes a handsome specimen plant, and is a distinct addition to our long list of Adiantums.

4-inch pots, 50 cts. each.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with *Farleyense* in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

4-inch pots, \$1.50 per dozen; \$12.00 per 100.

Alsophila Australis.

We have again this season a fine supply of this useful, quick-growing Australian Tree Fern, and offer strong

2 1/4-inch pots, \$1.00 per dozen; \$8.00 per 100.
3 " " 1.25 " 10.00 "

Asplenium Nidus Avis Multilobatum.

A distinct new variety of the Bird's Nest Fern, with which it is identical in every way, except that the edges of the fronds are deeply lobed or toothed in irregular segments; a variety that is worthy of a place in every collection.

4-inch pots, \$1.00 each.

Cibotium Schiedei. (See cut next page.)

This is undoubtedly the finest of all Tree Ferns in use for decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators throughout the country, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a graceful and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

5-inch pots, \$1.00 each.

7 " 1.50 "

9 " 2.50 to \$3.50 each.

Nephrolepis Wittboldii.

We offer strong plants of this new *Nephrolepis* in 4-inch pots, 25 cts. each; \$2.50 per doz.

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance that would lead one to think that it was useless as a house fern, it is nevertheless one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2 1/4-inch pots, 75 cts. per dozen; \$6.00 per 100.

Gerbera Jamesoni

The Transvaal or Barberton Daisy.

See colored illustration on back cover of our retail catalogue, which gives a fair idea of the beauty and grace of this charming flower, which is now offered for the first time. The plant is of South African origin and though introduced into Europe about fifteen years since, its method of propagation was so little understood that until quite recently it was difficult to obtain even single plants at high prices. We have now been successful in securing a large stock, and believing it to be the most important and valuable novelty of the year, we have given it a place in colors on our catalogue cover.

It is of the easiest possible culture, succeeding admirably and flowering continuously throughout the Summer when planted in an open sunny border in the garden; in fact it is rarely ever out of bloom, and if placed in a sunny position in the greenhouse during the Winter, such in which Carnations flower freely, it will continue to bloom the year around.

The plant is of strong vigorous growth, forming a dense tuft of leaves from 10 to 12 inches long, from the crown of which it sends up in constant succession 12 to 18-inch high stout stems, which are terminated with single daisy-like flowers, fully 4 inches across, and varying in color in different plants, as well as at different seasons of the year, from bright orange red and scarlet to deep vermilion; a rich glowing and, at same time, entirely new color in this shape of flower; it really being a scarlet Marguerite.

At the Exhibition of the New York Horticultural Society, held in May, 1901, it was awarded the first prize as the most important new plant shown, and we take much pleasure in offering and recommending it. The plant has been under cultivation in our trial grounds for the past five years; many have seen it, and everyone has been charmed by its novel and striking beauty and grace. 35 cents each; \$35.00 per 100.

DOUBLE IVY-LEAVED GERANIUM, LEOPARD.

Two Choice New Ivy-leaved Geraniums.

Leopard. The most distinct and novel Ivy Geranium yet introduced; the ground color is a clear lilac pink, with heavy carmine blotches over the upper petals; the markings are so unique that it may aptly be described as a Lady Washington Ivy Leaf.

Achievement. A cross between Souv. de Chas. Turner and a pure white single zonale, with large semi-double flowers of a distinct shade of salmon pink.

20 cents each; \$2.00 per dozen; \$15.00 per 100.

Six Grand New Double Geraniums for 1902.

David d'Angers. Bright fresh pink, with large white blotch on upper petals; heavily dotted with deep carmine points. 50 cents each.

Eugene de la Croix. The most brilliant scarlet, with enormous double flowers. 50 cents each.

Roty. Magnificent china-pink; one of the best of its color. 35 cents each.

Rosamond. Pure deep rose, with distinct white eye, heavily dotted with carmine. 50 cents each.

The set of six varieties, \$2.00.

Six Grand New Single Geraniums for 1902.

Baudelaire. Clear rose, with large white centre; heavily dotted with bright crimson points. 35 cents each.

Honore de Balzac. White, slightly tinged with flesh, with clear salmon centre. 50 cents each.

Mary Hamilton. Rich crimson scarlet, with white eye; of immense size and perfect form. 35 cents each.

Mary Seton. Bright vermilion scarlet, with large white blotch in upper petals. 35 cents each.

Mary Stuart. Soft rose red, deepening to a richer tint on the upper petals; fine large flower. 35 cents each.

Theophile Gautier. Brilliant carmine, with distinct white blotch in upper petals; heavily punctuated with deep carmine. 35 cents each.

The set of six varieties for \$2.00.

Six Choice New Single Geraniums of 1901.

Andrew Lang. Glowing scarlet, with pure white blotch on the upper petals, the centre of the flower being surrounded by a distinct aureole of a rich carmine tint; a bright and brilliant flower. 10 cents each.

Barbara Hope. Pale, beautiful salmon pink, with white, eye, shading to nearly white at edge of petal; a very large, perfect flower. 15 cents each.

George Sand. Clear white, at times tinged with soft flesh pink, distinctly punctuated with brilliant carmine dots; very chaste and distinct. 15 cents each.

Jean Aicaud. Rich crimson purple, with glowing blotch at base of upper petals; immense truss and very free; 15 cents each.

Lilian Duff. A magnificent crimson, the individual pipes often measuring 3 inches in diameter; 25 cents each.

Mrs. Williams. Immense bloom, 3 inches in diameter; clear rose pink, with white blotch at base of upper petals; 15 cents each.

The set of 6 varieties for 75 cents.

Six New Double Geraniums of 1901.

Champs de Neige. The finest double white yet sent out. 15 cents each.

La Soliel. Brilliant scarlet; very intense and glowing; a profuse bloomer. 15 cents each.

Marie Fournier. Pure deep pink, with distinct white centre, occasionally striped and spotted with white. 10 cents each.

Mme. Philip Labrie. Pure deep pink and always in bloom. 10 cents each.

Picotee. Pure white, with distinct narrow picotee edge of clear rosy pink. 15 cents each.

Roi de Siam. Brilliant scarlet, with large white blotch in centre of petal; the brightest flowered of all the double aureoles. 15 cents each.

The set of 6 varieties for 75 cents.

GLOXINIAS.

New Variegated Geranium Silver-leaved Nutt.

Apparently a cross between Mad. Salleri and the double crimson bedding variety S. A. Nutt, possessing the same habit of growth as that pretty silver-leaved variety Mad. Salleri, and the brilliant crimson double flowers of S. A. Nutt; a real acquisition that is certain to become a popular bedding sort.

50 cents each; \$5.00 per dozen.

Dreer's Superb Gloxinias.

We offer this season the finest Gloxinias, both as regards strain of variety and size of bulbs, that we have ever sent out. All are well matured. They are of the Crassifolia type of foliage, and are all erect flowering.

We offer either separate colors, as blue, red, white, or in choice mixture, at 50 cents per dozen; \$4.00 per 100; \$35.00 per 1000.

HYDRANGEA MARIESSII.

Hydrangeas.

Mariessii. A new variety of recent introduction, with large panicles of flowers, the outer row only of which is sterile, and which are remarkable for their large size, frequently measuring over 3 inches in diameter; of a light pink color, tinted with mauve.

Montbretia Crocosmiæflora Germania.

(The New Giant Montbretia.)

This new Montbretia has been under our observation for the past five years, when it first originated, and we can fully endorse the originator's description, which follows herewith:

"This splendid acquisition is the result of a cross between Crocosmia aurea imperialis and some varieties of Montbretia. Having inherited the vigorous growth of the Crocosmias, it, however, produces no offsets which characterize the Crocosmias, but possesses the dwarf and bushy growth of Montbretia Etoile de Feu.

"It grows about 3 1/2 feet high, is of sturdy habit, much branched, and produces most graceful spikes in the greatest profusion. They are well furnished with large six-petalled, widely expanded flowers, measuring over 3 inches across, probably the largest of the genus. The color is a rich glowing scarlet, shading to brilliant orange, with a blood-red throat. The buds and also the reverse of the petals are blood-red, a most striking combination of colors, making a grand effect."

Nothing can excel the great display this novelty produces when planted in masses, while as a summer cut-flower it is invaluable.

PALMS Our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade; our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.

Our measurements of plants, where given, as in the case of Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

**New Tea Rose, Ivory or White Golden Gate.**

A most important addition to our list of Roses for cut flower purposes. It is a sport from Golden Gate, which to-day is probably the freest-flowering Rose of its type in cultivation, but which unfortunately lacks in decided color, on which account it has never met with much popularity. The variety now offered embodies all of the good points of its parent, size, freedom of bloom, strong, vigorous, healthy growth, and a pure white color, which makes it an invaluable acquisition, and a Rose which must at once meet with popular favor. It has been shown during the past season at the principal exhibitions, at all of which it was awarded high honors.

We do not hesitate to predict a great future for this Rose, especially as it is of comparatively easy culture.

We offer for delivery April 1st, very strong 2 1/2-inch pot plants which are guaranteed pure and true.

ROSES.**New Bedding Rose.**

(Gruss an Teplitz or Crimson Hermosa.)

This, the reddest of all red Roses, is faithfully shown in colors on the front cover of our retail catalogue, and is, to the amateur who has no greenhouse and depends on his garden for flowers, one of the most important varieties yet introduced. It is a rose for everybody, succeeding under the most ordinary conditions, and is destined to take rank with such old-time favorites as Hermosa, Malmaison, Souper, etc. In color it is of the richest scarlet imaginable, shading to a velvety crimson as the flowers mature; in size it is larger than Hermosa, very fragrant, a free, strong grower, quite hardy, and the most profuse bloomer known to us, the mass of color produced being truly phenomenal. The foliage is extremely beautiful, all the younger growth being of a bronzy plum color.

We offer a large stock of dormant plants. 3 inch pots, on own roots, \$1.00 per dozen; \$8.00 per 100. 4-inch pots, on own roots, \$2.00 per dozen; \$15.00 per 100.

Strong 2-year-old imported budded plants, 30 cents each, \$3.00 per dozen. Extra strong 2-year-old imported budded plants, 40 cents each; \$4.00 per dozen.

New Hardy Rose, Soleil D'Or.

This is the first of a new race of Roses, styled "Pernetiana." It is a cross between the Persian Yellow and the Hybrid Perpetual Antoine Ducher. It retains considerable of the character of Persian Yellow, the bark of the wood being reddish, the thorns very fine; the foliage more ample, of a beautiful green and close together. Like Persian Yellow this variety is perfectly hardy, with large, full, globular flowers varying in color from gold and orange to reddish gold, shaded with nasturtium red. We offer large imported plants at 75 cents each.

New Hybrid Tea Rose, Balduin or Helen Gould.

An excellent bedding variety, with large full flowers of fine form, of bright glowing carmine; the bud is long and pointed and as sweet as a June Rose; a free and continuous bloomer. 2 1/4-inch pots, 75 cents per dozen; \$6.00 per 100.

Tea Rose, Sunrise.

In close bud form Sunrise shows the high, brilliant colors, seen only in the "Austrian-Copper," scarlet and yellow. As it opens the color deepens, the scarlet turning darker red, the yellow to orange and copper, the inside of the petal, golden yellow. The open rose is large, perfectly double and of grand form. The foliage is glossy and thick, the new growths being the darkest and most beautiful found among roses. The form and color of bud, its freedom of growth and bloom, will give Sunrise a high place among forcing roses.

2 1/4 inch pots, 75 cents per dozen; \$6.00 per 100.

HARDY PERENNIAL PLANTS

The growing demand for hardy Perennial plants has induced us to greatly increase our stock of these, and for some time past we have made this branch a special department of our business, and we can now supply all the leading varieties in large quantities.

For full descriptions and illustrations see our retail catalogue for 1902.

VASE OF HARDY
ASTERS.

The hardy Asters are among the showiest of our late fall-flowering plants and give a wealth of bloom at a season when other flowers in the hardy border are generally wanting.

Hardy Asters. (Michaelmas Daisies.)

- Amellus Elegans.** Large, light blue.
Hybridus. Lilac rose.
Amethystinus. Rich, amethyst-blue flowers.
Datschi. A very late, white flowering variety.
Formosissimus. Deep lilac shaded purple.
Lady Trevylan. A fine, large, pure white.
Novæ Angliæ. Large, bluish purple.
Rubra. Bright rose-colored flowers.
Snowflake. A compact growing, very late white flowering variety.
White Queen. White.
 Strong divisions, 10 cts. each; \$1.00 per doz.; \$8.00 per 100.

Hardy Aster Grandiflorus.

The finest of all, and distinct in character and flower from all others. The flowers frequently measure 2 inches in diameter, are of a lovely violet blue. It is the latest flowering variety in cultivation, and by lifting the plants can be flowered in connection with Chrysanthemums, where its effect is very beautiful.
 \$2.00 per dozen; \$15.00 per 100.

Arabis. (Rock-Cress.)

- Alpina flore plena.** (New Double Flowering Rock-Cress.)
 A double flowering form of Arabis Alpina, one of the most desirable of our very early spring flowering plants. It is of a creeping habit, suitable either for the rockery or border, and produces long racemes of pure white double flowers. 75 cents per dozen; \$6.00 per 100.

Iris Kämpferi (Japanese Iris.)

These magnificent Iris are among the most beautiful of our summer flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from 10 to 12 inches in diameter, and rival the orchids in their rich colorings and markings. We offer 25 distinct varieties, which were selected while in flower from over 75 of the best Japanese introductions. For names and descriptions see our Retail Catalogue.

Incarvillea Delavayi.

A new, hardy, tuberous-rooted plant, very aptly called the hardy Gloxinia. An introduction from the north of China, and one of the choicest perennials introduced in recent years. It produces large, rose-colored, trumpet-shaped flowers, which last in perfection a long time. These are produced in clusters on stems 18 inches high; a grand acquisition.

HARDY PERENNIAL PHLOX.

Perennial Phlox.

General Collection of Standard Varieties.

Our collection of Phloxes has been carefully selected from a number of European collections, and embraces only the best and most distinct varieties.

The plants we offer are close divided stock with from 2 to 6 eyes, which however is much superior to young newly propagated plants; they will make good plants and produce a fine show of flowers this summer.

Alexander von Gontard. Carmine rose with white centre.

Astier Rehu. Deep purplish crimson.

Beranger. White suffused pink with rosy lilac eye.

Bridesmaid. Pure white with large crimson centre.

Champs Elysee. Fine rich purplish crimson.

Cross of Honor. White, with a band of rosy lilac through the centre of each petal.

Crystal Palace. White with lilac markings and deeper centre.

Duguesclin. White with dark crimson centre.

Eclaireur. Purplish crimson with light halo.

Etna. Scarlet with dark crimson eye.

Etoile du Nord. Purplish crimson.

Eugene Danzenvillier. Lilac with white edge and centre.

Henry Murger. White with bright rose eye.

Liliput. Bright magneta with crimson eye.

Lothair. Salmon red with carmine eye.

Marie Stuart. Fine large white, very early.

Mme. Pape Carpentier. Very dwarf, pure white.

Mrs. Dora Umgeller. Rich deep rose.

Molier. Salmon rose, deep rose eye.

Ornament. Rosy magenta, crimson eye.

Pantheon. Fine deep salmon rose.

Peach Blow. Delicate pink with white markings.

Professor Schlieman. Salmon rose with carmine eye.

P. Bonnetin. Magenta overlaid salmon.

Semiramis. Purplish magenta.

Simplon. White suffused lilac, dark rose centre.

Sunshine. Deep salmon pink with deep rose eye.

Thebaide. Salmon red with crimson eye, very free.

The Pearl. A good free white.

Wm. Robinson. Rose overlaid salmon.

75 cts. per doz.; \$6.00 per 100; the set of 30 varieties for \$1.75.

Early Flowering Pæonias.

These varieties are specially valuable to plant for cut flowers, as they come into bloom fully two weeks earlier than the general collection and at which time much better prices can be realized. Our stock of *Officinalis Rubra*, which is always in strong demand, is especially large and fine.

New Hardy Pinks.

The varieties enumerated below are decided improvements on all existing sorts. We especially call attention to those marked with an asterisk (*), which are varieties of our own introduction and which are much freer flowering than the type. All the new varieties can only be supplied in young plants and not in clumps.

- Alice Lee.** A fine creamy white; excellent for cutting.
*** Comet.** A bright rosy crimson; a fine large flower.
*** Delicata.** A soft pure pleasing delicate rose.
Gloire de Nancy. A pure white form of the old crimson clover; very sweet scented; 15 cents each.
Helka. Another fine pure white, with stout stiff stems; fine for cutting.
Homer. Rich rose red with dark centre.
*** Sparkler.** A beautiful deep rose pink, with carmine markings in centre.
 10 cents each, except where noted. The set of seven varieties for 65 cents.

Hardy Pinks—Standard Varieties.

- Diamond.** Fine pure white.
Her Majesty. Pure white.
Juliette. White, laced crimson.
Laura Wilmer. White, maroon centre.
Snow. Pure white.

PRIMULA VERIS SUPERBA.

Primula Veris Superba.

(New Giant Hardy Primrose.)

This plant originated a few years since in a batch or seedling *Polyanthus*, and apparently is a hybrid *Primrose*, having somewhat the growth of a *Polyanthus* combined with the yellow color and fragrance of the *English Primrose*.

In size of flower, it is fully three times as large as any hardy *Primrose* known to us, the average size of the flower being over one inch, and we have seen them frequently measuring over 2 inches, with trusses of bloom 6 inches in diameter. It is perfectly hardy, grows from 10 to 12 inches high, and begins to flower earlier and continues in bloom longer than any other plant of the same family known to us. This alone is sufficient to insure its popularity as a plant for the garden; but its greatest merit consists in the fact that it is not only one of the easiest plants we know of to force, but a plant that will sell on sight when brought into flower during the winter and early spring months, and especially so when grown as an Easter plant.

The plants can be stored in cold frames, successive batches being brought into a cool greenhouse to flower as required, allowing about four to five weeks' time to bring them into full bloom.

\$1.25 per dozen; \$10.00 per 100.

Primula Cortusoides Sieboldi.

These are not so well known as they deserve; they are of free, vigorous growth, with dark green foliage, and throw up during late spring innumerable stems of large flowers, varying in color from pure white to rich crimson. All of the varieties offered can be flowered in pots in early spring, and respond quickly when placed in a temperature of 50 degrees, forming pretty pot plants in a short time.

Loreley. Beautiful salmon rose, with white eye.

Queen of Whites. Fine large pure white.

Sirius. Rich crimson rose; with white eye.

Price, \$1.25 per doz.; \$10.00 per 100.

PHYSOSTEGIA VIRGINICA.

Physostegia. (False Dragon-head.)

One of the most beautiful of our midsummer-flowering perennials, forming dense bushes 3 to 4 feet high, bearing spikes of delicate tubular flowers not unlike a gigantic heather. A most useful plant for cutting, especially the pink-flowered form.

Tritoma.

(Flame-flower.)

Pfitzeri. A grand improvement on the old Tritoma Uvaria Grandiflora; the flower spikes which are produced with considerable more freedom than in the old variety are of gigantic size, frequently 4 1/2 feet high, with heads of bloom over 12 inches long. They are of a rich crimson scarlet, shading to salmon-rose on the edge; a really first-class acquisition. \$1.00 per dozen; \$8.00 per 100.

HARDY VINES AND CLIMBERS

Actinidia Polygama.

Though introduced in 1870 from Japan, this beautiful climber is practically unknown. It is of strong, vigorous growth, with dark-green, shining foliage, and produces white, sweet-scented flowers resembling the Hawthorn; these are followed by bunches of edible berries.

Strong plants, 20 cents each; \$2.50 per dozen.

Akebia Quinata.

We offer a large stock of this climber; strong plants, \$1.50 per dozen; \$12.00 per 100.

Ampelopsis Veitchii.

Strong 2-year-old plants, \$1.25 per dozen; \$10.00 per 100. Extra selected 2-year-old plants, \$1.50 per doz.; \$12.00 per 100.

We have again this season a fine stock of good, strong plants, two years old, own roots.

Boskoop Seedling. Extra large lavender.
Duchess of Edinburgh. Double pure white.
Fairy Queen. Pale flesh with a pink bar.
Gypsy Queen. One of the finest rich purple varieties.
Henryi. Finest large single white.
Jackmanni. The popular dark, rich, royal purple.
Lilacina Floribunda. Pale blue.
M. Koster. Bright rosy carmine.
Madame Baron Veillard. Light rose, shaded lilac.
Mme. Van Houtte. Pure white; extra fine.
Miss Bateman. White with chocolate-red anthers.
Standishi. Light blue.
The Gem. Deep lavender blue.
The President. Bright bluish purple.
\$3.00 per dozen; \$25.00 per 100.

Jackman's New Hybrid Coccinea Clematis.

An entirely new and distinct type, the result of crosses between Coccinea and Star of India, both of which succeed well in our climate. They combine all the good points of their parents in hardiness, vigorous growth and freedom of bloom, which together with their entirely distinct coloring and novel shape will make them valuable additions to our list of Hardy Climbers.

Countess of Onslow. A bright violet-purple with a broad band of scarlet down the centre of each petal. It is of open bell-shaped form, with four to six petals to each flower; very useful for decorative purposes, as when cut will keep fresh in water for several days.

Duchess of Albany. A beautiful bright pink, deeper down the center, softening down to lilac pink round the margin; campanulate in shape; useful for cutting.

Duchess of York. A delicate and pleasing shade of pale pink, with a deeper tinge down the center of each petal, of campanulate form, with four to six petals to each bloom; useful for cutting.

The Climbing Hydrangea.

(Schizophragma Hydrangeoides.)

This grand climber, though introduced from Japan in 1879, is always scarce and but rarely offered for sale. It is one of the most desirable and interesting of our hardy climbers, and though at first slow in growth, it is of vigorous habit after it once becomes established. Its flowers, which are borne in large trusses, are similar to a white Hydrangea, and when in flower, during July and August, make a handsome display. It is one of the best flowering vines we know of for planting against a tree or wall, as it clings naturally to any rough surface and requires no support or tying.

We offer a limited lot of extra strong plants, established in tubs, 3 to 4 feet high; will produce a quick effect. \$1.50 each.

Humulus Lupulus Aureus.

(Golden Hop Vine.)

A golden leaved variety of the common Hop Vine, possessing the same strong, climbing habit and hardiness, but with light golden yellow foliage. 15 cents each; \$1.50 per dozen.

Lathyrus Latifolius Albus.

(White Perennial Pea.)

A desirable plant of climbing habit, growing about 5 feet high, producing pure white flowers the entire summer; excellent for cutting; strong plants. \$2.00 per dozen; \$15.00 per 100.

Wistaria Sinensis.

Extra strong two-year-old plants.

Blue, \$3.00 per dozen. White, 3.50 per dozen.

CHOICE HARDY SHRUBS

Azalea Mollis.

This hardy Azalea is used extensively in all European cities for early forcing, and are great favorites on account of their varied and brilliant coloring.

We offer a fine lot of very bushy plants, 12 to 15 inches high, well covered with buds, at 50 cents each; \$4.50 per dozen; \$35.00 per 100.

Bigelovia Graveolens. (Golden Feather.)

A vigorous growing, hardy shrub of neat, compact habit, with narrowly linear leaves of a silvery gray color, which give the plant, a light, graceful appearance. The great beauty of the plant, however, is in the flowers, which are borne in great golden plumes at the end of every branch. The individual heads are not large, but are quite long, and every part of the flower, as well as the involucre, are of the same deep golden yellow. The bright yellow buds appear late in summer, and the fragrant flowers do not fade until severe frost.

3-inch pots, 15 cents each; \$1.50 per dozen.

Deutzia Gracilis.

A fine lot of strong two-year-old plants suitable for 6 and 7-inch pots, fine for forcing, 75 cents per dozen; \$6.00 per 100; \$50.00 per 1000.

Strong one-year-old plants, 60 cents per dozen; \$4.00 per 100; \$35.00 per 1000.

Deutzia Gracilis Rosea. (New.)

Identical with the above in general habit, but with flowers fully double the size of that graceful variety, to which is added the additional charm of being suffused with a delicate rosy tint, just sufficient to relieve the dead white which is objectionable in the type, and which will undoubtedly place it in the front rank of shrubs for winter forcing.

Strong two-year-old plants, suitable for 6-inch pots, in fine condition for forcing, \$1.25 per dozen; \$10.00 per 100. Strong one-year-old plants, 75 cents per dozen; \$6.00 per 100.

Deutzia Lemoinei. (See cut, page 48.)

This is now one of the standard varieties for forcing. It surpasses D. Gracilis in its very large flowers, being nearly three times the size of the latter variety. These are produced in large, cone-shaped heads of 20 to 30 flowers each, and of the purest white. We are carrying the largest stock of these in the country, and offer strong two-year-old plants, suitable for 6 and 7-inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000. Strong one-year-old plants, 60 cents per dozen; \$4.50 per 100; \$40.00 per 1000.

Deutzia Gracilis Venusta.

A handsome white variety of dwarf branching habit, producing elongated, cone-shaped panicles of pure white flowers of large size, the individual flowers reminding one of a single azalea in miniature.

Strong two-year plants, \$1.00 per dozen; \$8.00 per 100.

Strong one-year plants, 75 cents per dozen; \$6.00 per 100.

Lilacs for Forcing.

Weigelia Coquette.

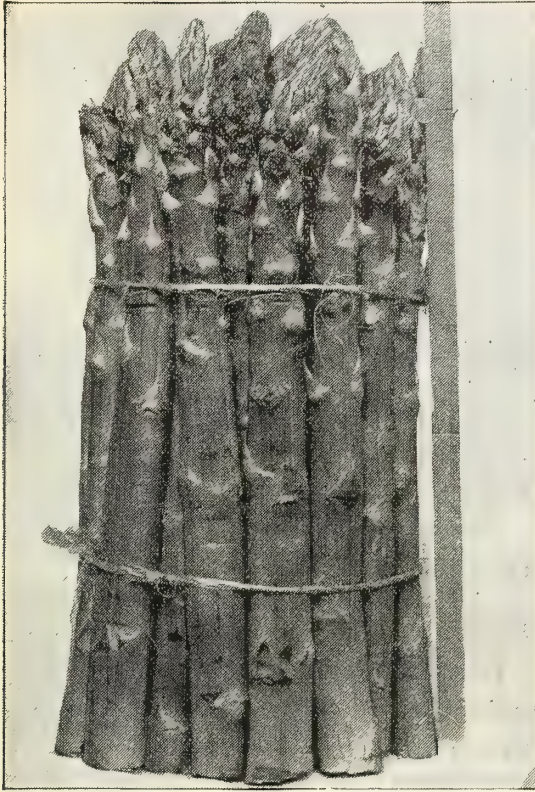

Entirely distinct and new in color; flowers of a delicate blush and of much larger size than in any other variety. Blooms continuously from early in summer until late in fall. A most desirable addition to our list of summer and fall flowering shrubs.

Strong one-year-old plants, 30 cents each; \$3.00 per dozen.

DREER'S VEGETABLE SEEDS

...FOR 1902...

We are pleased to offer the following varieties of Choice Vegetable Seeds. The list is made up of many standard varieties, and also includes some new and meritorious sorts. All of our vegetable seeds are saved with great care and are pure and of strong germination. Florists who also grow vegetables for market should have our Market Gardeners' Wholesale Price List, which will be mailed upon receipt of application.
